

23 24 25 APRIL 2025

Chennai Trade Centre, Chennai

Conference Agenda RenewX 2025

AGENDA DAY 1

1200 - 1300 Hrs Session 1	Topic: India-USA Solar Collaboration: Advancing Renewable Energy Partnerships for a Sustainable Future
1400 - 1500 Hrs Session 2	Topic: Advancing Green Manufacturing in Solar – The Path to Self-Reliance
1505 - 1605 Hrs Session 3	Topic: Unlocking of South India’s potential with Strong Industrial Base - A Business Paradise for Renewable Energy Solutions
1610 - 1710 Hrs Session 4	PPT session: Tech Talk: Exploring Cutting-Edge Innovations and Solar Solutions for a Sustainable Future
	<p>1600 - 1615 Hrs: Topic: Smart Technology in Hybrid Solar Systems</p> <p>1615 - 1630 Hrs: Topic: Powering the Future – How India Can Lead in Inverter Technology</p> <p>1630 - 1645 Hrs: Topic: Revolutionizing Solar Solutions with enPossibilities</p>

AGENDA DAY 2

1100 - 1215 Hrs Session 1	Topic: Best Practices for Asset Management to Maximize the Performance of Solar Power Plants
1215 - 1315 Hrs Session 2	Topic: Maximizing Savings: Financial Benefits of Solar Installation for Residential and Industrial Use
1400 - 1500 Hrs Session 3	PPT session: Tech Talk: Exploring Cutting-Edge Innovations and Solar Solutions for a Sustainable Future
	<p>1400 - 1415 Hrs: Topic: The Future of Solar Energy: Trends and Market Demand – Explore the latest advancements in solar technology and how market demand is shaping industry’s future</p> <p>1415 - 1430 Hrs: Topic: Latest offerings in Solar PV module Assembly by Mondragon Assembly for Indian markets</p> <p>1430 - 1445 Hrs: Topic: Real Tech in Module Mounting Structures</p>
1505 - 1605 Hrs Session 4	Topic: IPP, Policymakers, and the Path Forward: Addressing Challenges in Solar Farm Development
1610 - 1710 Hrs Session 5	Topic: Powering the FutureRise of Energy Storage Solutions

AGENDA DAY 3

Bio-energy Conference-2025

1030 - 1200 Hrs Session 1	Topic: Bioenergy and Bio-Hydrogen Revolution: Driving the Future with Technological Innovation and Sustainable Solutions
1200 - 1330 Hrs Session 2	Topic: Biogas Policies and Their Economic Impact
